On March 5, 1990, South Carolina Pipeline Corporation (Pipeline) filed with the Public Service Commission of South Carolina (the Commission) an Application for rate reduction and redesign of rates for natural gas service to Pipeline sale-for-resale customers. A public hearing has been scheduled on this Application for May 1, 1990 at 11:00 A.M. Pipeline also requested that this proposed rate reduction be implemented on an interim basis effective April 1, 1990.

The Commission finds that the interim rate reduction should be granted and will be effective for service rendered on and after April 1, 1990, until such time as an order is issued on the merits after the May 1 hearing.
